budget

330km

Distance to
Kyiv

Poltava is the regional center.
It is located between Kyiv, Kharkiv, and Dnipro,
at the intersection of transport routes and
has an economically advantageous position.

Poltava region is the most environmentally friendly in Ukraine.
As well, it is the historical, cultural and educational center of Ukraine.

EDUCATION SECTOR

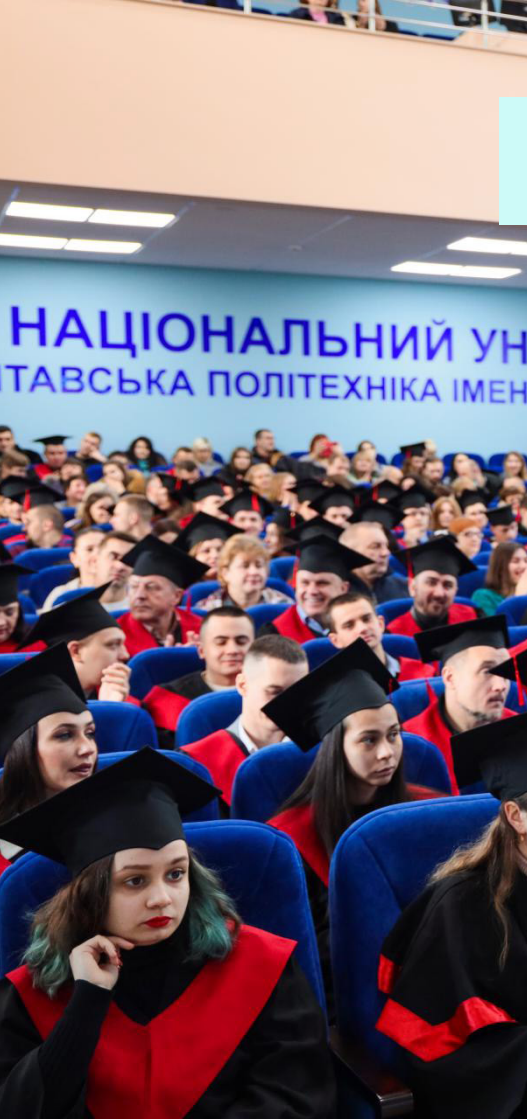

54 secondary education institutions
51 preschool education institutions
6 universities

Poltava universities educate:

28 346 students,
inc. 9 129 foreign students

INDUSTRY

- Agricultural sector (Kernel Group (oil), «Yedinstvo» (compound feed) etc.)
- Oil and gas sector (Weatherford, Halliburton, Schlumberger, PPC, Ukrburservis, DTEK, Poltavagasvydobuvannya, Burova Technica etc.)
- Textile sector: (Vorskla-Style, Premier Socks etc).
- Machine building sector: Poltava Turbo Mechanical Factory, Poltavagon Factory, Poltava Autoaggregate factory etc)
- Logistic sector: Nova Poshta
- Food production sector: Poltavpyvo (beer and carbonated drinks), Dominik (confectionery), Zorya LLC (sausages and meat delicacies)
- Poltava Medical Glass Factory

NEW DEVELOPMENT

Poltava has great potential for building.

According to the city's general plan,
the area which is ready for building, is 171.9 hectares

Energy-efficient housing

Creating energy-efficient housing will help cities become more environmentally friendly and reduce resource usage

Eco-friendly housing
Identified territories for housing construction in environmentally friendly areas

Social housing

Due to the large number of internally displaced persons during the war (60,000), there is an urgent need to build social housing for them

CULTURE

The city's rich literature and historical heritage contributes to the development of the tourism industry and hotel business

Poltava has its own symphony orchestra, philharmonic, international exhibition hall «Gallery of Arts», theater and 20 museums

The city has a European-standard swimming pool for international competitions, with a capacity to host 1 thousand people

A yellow trolleybus is visible in the lower-left foreground, partially cut off. In the background, there is a large, white, classical-style building with many columns and a green roof. A trolleybus wire system is visible above the street.

AREAS OF COOPERATION

- Integration processes
- Urban development
- Cooperation in science and education
- Joint projects for youth
- Cultural exchange
