## TRANSATLANTIC EXCHANGE SUMMIT

Amerikahaus Munich,  
Barer Straße 19a, 80333 Munich

### Dear exchange practitioners!

We all know of the life-changing aspect of exchange programs, but how do we inform students and teachers of the benefits of exchange programs? How do we point prospective participants more effectively to existing resources?

In early March we would like to convene transatlantic exchange practitioners in Munich in an effort to define current challenges, work on solutions and come up with a joint action plan. The all-day summit will be conducted both in English and German.

There will be funds to finance the trip and accommodation expenses for those travelling from outside of Munich – as long as supplies last.

### Please mark your calendar!

### And please help spread the word.

We will follow up with a proper invite in January.

### Kind regards

Your exchange teams from the  
U.S. Consulate General Munich,  
EducationUSA/Amerikahaus Munich and  
Experiment e.V.
